Work Experience

Greenphire | King of Prussia, United States

07/2022 - 11/2025

UX Developer

- Built and iterated on in-app onboarding, guidance flows, and engagement experiences to support feature adoption, user education, and confidence in product usage.
- Designed data-driven dashboards and workflow experiences that improved visibility into user behavior and operational decision-making.

Greenphire | King of Prussia, United States

02/2021 - 07/2022

UX Designer

- Created interactive prototypes and design concepts to support new features and product enhancements.
- Ensured designs met accessibility, usability, and performance standards.
- Collaborated cross-functionally with product, engineering, and QA to move concepts from idea to release.

Commit Swimming | Philadelphia, United States

02/2018 - 10/2020

Frontend Developer

- Built responsive user interfaces with a focus on usability and consistency across devices.
- Collaborated with designers and stakeholders to translate interface concepts into working experiences.

Clinlogix | Lower Gwynedd, United States

11/2016 - 02/2018

Clinical Project Assistant

- Leveraged foreign language skills to coordinate communication between international clinical teams and overseas research facilities.
- Managed clinical tracking databases, regulatory documentation, and reporting workflows to support trial initiation, compliance, and timely issue resolution.

Berlitz | Tokyo, Japan

07/2014 - 07/2016

Instructor

- Delivered 1-on-1 and group training for business executives, focusing on professional writing, presentations, and virtual communication.
- Designed personalized learning plans to support cross-cultural communication, business relationships, and short- and long-term international relocation.

EF English First | Beijing, China

11/2012 - 11/2013

International Teacher

- Designed and delivered structured language instruction for business professionals, supporting communication in international and cross-cultural work environments.
- Helped learners at varying proficiency levels build confidence and fluency through practical, real-world communication scenarios.
